

"Love All, Serve All"

PROTECT OUR EARTH

*"When human behaviour is reformed
the World will get transformed."
Sathya Sai Baba*

Earth Is Life

- It is home to all people, animals and plants.
- It provides fresh air, water, food and light from the sun and moon.
- Its natural resources are free, e.g. minerals and oil.

*"Nature does nothing uselessly."
Aristotle*

Living As One

- God provides these gifts for everyone.
- Our environment, rivers, wildlife, etc. are part of one creation.
- Our resources must be used responsibly and preserved.

The Earth As Teacher

- The earth rotates around the sun and teaches **duty**.
- Rivers teach **service** by giving their waters to all.
- Trees teach **sharing** by providing fruit and shade to all, even the woodcutter.
- The mighty oceans stay within their limits and teach **discipline**.

*"Look deep into nature, and then
you will understand everything
better."
Albert*

Pollution And Waste

- ☞ Greed and lack of consideration cause pollution.
- ☞ Pollution causes illnesses, like respiratory problems.
- ☞ Irresponsible behaviour, absence of understanding and caring for others cause waste.
- ☞ Waste aggravates poverty and scarcity.

*"All things in nature observe their laws with undeviating regularity. Man alone violates the laws of his being."
Sathya Sai Baba*

Values For A Happy Earth

- ☞ **Love** is caring and sharing so that all benefit.
- ☞ **Truth** is acquiring knowledge and understanding.
- ☞ **Right Conduct** is conservation of nature.
- ☞ **Peace** is gained when we satisfy our needs without corruption.
- ☞ **Non-Violence** requires fairness in distribution of the resources and service.

*"A society without values will cease to be human."
Sathya Sai Baba*
